In the name of Allah the Most Gracious the Most Merciful

Allah the Most Blessed says, that this is your nation one nation and I am your God, they tried to solve their problems by themselves and became factions, each party on its own and they were happy with their fragmentation.

The Profit of Allah (Peace be upon him) said in the holy "Hadith", that those who do not take care of Moslems, then they are not Moslems.

Dear brethren, it is not a secret to any of you, what economic and political difficulties the Nation of Islam is going through and how many cities are way behind in the Educational and social fields due to the international siege exercised by nations that are against Islam and Moslems, and dictating their systems and decisions on the Moslem nations, whether they like it or not.

If we look at the Map of the Islamic world, we will find Palestine suffering from the Jewish Zionist occupation and the Aqsa mosque in the hands of the Jews who refuse to return it to the Moslems and refused to allow the original inhabitants of the land to return to their homes and country. In the last seventy years, many conferences were held, but no land was returned, no rights were restored and the Jews did not evacuate Palestine.

Dear brothers, what the Jews took by force will not be returned except by force, and you have a good example and lesson of that in Afghanistan.

And if we look at the destruction that took place in Chechnya, a peaceful nation that was refused independence and choice of religion, we see the situation of this Moslem nation and all the destruction and murders that are taking place, despite the passage of one full year and the Nation of Islam did not offer a hand of help to their brethren in Chechnya to stop this destruction. Some of the nations justified what the Russians did to our Moslem brethren in Chechnya.

And if we look at our Moslem brethren in Kashmir and how they are suffering from the Indian occupation for more than 50 years during which they were victims of torture and destruction of their homes and loss of their rights and what has the Nation of Islam offered them?

And if we look at our brethren in Iraq we will find that the Gulf war ended ten years ago but the people are still suffering from the sanctions that are still imposed on the Iraqi people, which lead to the death of hundreds of thousands of babies, women and men, with continuous air raids and siege that is imposed on them. Now, we ask, is the war against the regime or is it against the women, babies and the elderly?

Nation of Islam, why don't you come to the rescue of your Iraqi brothers?

And if we look at our brethren in the Sudan, and how they suffer from international pressure and many accusations and the assistance of the Western countries to the Christians in the South, and getting hit with Cruise Missiles and others, this confirmed the weakness of the reaction of the Moslems to what happens to their brethren in the Islamic countries.

Our esteemed brethren - what ails the Nation of Islam these days confirms and leaves no doubt that cooperation between the Moslem countries in the world is affected by the policies of our enemies and their wishes. The countries of the Infidels cooperate with each other to achieve their goals and interests. The Almighty God orders us in the Holy Koran that the Moslems are one body, and if one part of the body suffers the rest of the body suffers. And we the Nation of Islam and the followers of Mustafa, Peace Be upon Him, have the best Nation for the people to follow and encourage us to support our brethren, and we are impacted by the policies of our enemies in the Moslem causes. Is there going back on the character of our religion and the commandments of our God and the victory of our brethren in pulling together for our causes?

Our God tells us to work and God and his Prophet and all the believers will see your works and return to the Knowledgeable of the unknown and testimony and he will let you know your works. Our last wishes is to thank Allah the God of the world..

The military training sessions programs and curricula (Regular):

- 6- The Heavy Artillery Session: To prepare some elements for the regular artillery operations.
- 7- The Surveillance officers Training Session: the objective is to prepare the brothers to perform Artillery surveillance functions.

The Basic Training Program:

First: The Physical Fitness:

It depends on the skills and style of the trainer (Art of Delivery) which represents moving from one exercise to the other. This enables the trainer to estimate the need for increasing or decreasing the duration of the exercises for the trainees. These will be called the basic exercises. And in case the Mujahedeen were able to obtain the physical exercises that were designed (named Group Development 1,2,3...etc) amongst the physical training experts for the armies along with its schedule, it would be preferable to use them.

A- Jogging starts from 20- till it reaches 45 minutes at the end of the session.

AFGP-2002-800321
PAGE 21 OF 92

Is accomplished at the Platoon level and the leader announces each group as follows

Status	1 st Group	2 nd Group	3 rd Group
The Force	10 individuals	10 individuals	10 individuals
In attendance	11 individuals	8 individuals	10 individuals
Missing	1	2	
Details: Sick S/A			

At the Company level the leader of each Platoon announces in the same way, at the Battalion level, also..etc

1. Directions:

- A) Going right (Right Turn)
- B) Going left (Left Turn)
- C) Going Back (Back Turn)

AFGP-2002-800321
PAGE 23 OF 92

4. Then you line up the individuals with the odd numbers by placing every three individuals next to each other and when that is completed you line up the individuals with the even numbers with the last number first until they are completed, this way all the tall people will be in the front and the rear and short people will be in the middle, this way the formation looks long and powerful in the eye of the observers.

Remarks:

The Course: Was excellent with high morale that prevailed whereby 25 trainees were confined to three rooms and one restroom. It was good as far as theoretical knowledge and acceptable at the technical level. There was the "Al Ghamid" group who were well behaved, cohesive and harmonized and were loyal to Abi Bakr. I predict a good future for them if they were well advised..

God's Peace, Mercy and Blessing be upon you

Director

Office of Security Training in Al-Qaeda
Staff Major General (Zein Al Abdeen)

****Important Remarks:**

As a result of the last events that affected his Excellency the General of the Army, Seif Al Adl, commander of the security system in Al-Qaeda. His excellency instructed both the Staff Brig. Genral Ibrahim Al Madani, the General Inspector and Hazim Al Madani, director of the Internal Security in Al-Qaeda to study the matter in a neutral way and find out the reasons in order to benefit from the event in the form of study to be submitted to the Committee. Once this matter is completed we will provide you a copy of the report, God Willing.
